temperature higher than the specified ambient temperature (Ta) would lead to a more		
Description       Armoured glass Dedicated recessed box         Dimensions       Luminaire: External diameter: 77 mm - Length: 103 mm Recessed box: Diameter: 73mm - Length: 120mm         LED characteristics       1 LED: 2700K - 3000K - 3500K - 4000K - 5000K (other upon request) CRI 80 - 90 - 95         Optical beam       4° - 6° - 15° - 30° - 40° - 25x50° elliptical - Wall Washer (other upon request)         Connection       Delivered with 1m standard cable(more length upon request)         Integrated driver       24V         LED power       7W         The product must be installed into a ventilated area. Any use with an ambient temperature higher than the specified ambient temperature (Ta) would lead to a more temperature higher than the specified ambient temperature (Ta) would lead to a more temperature higher than the specified ambient temperature (Ta) would lead to a more temperature higher than the specified ambient temperature (Ta) would lead to a more temperature higher than the specified ambient temperature (Ta) would lead to a more temperature higher than the specified ambient temperature (Ta) would lead to a more temperature higher than the specified ambient temperature (Ta) would lead to a more temperature higher than the specified ambient temperature (Ta) would lead to a more temperature higher than the specified ambient temperature (Ta) would lead to a more temperature higher than the specified ambient temperature (Ta) would lead to a more temperature higher than the specified ambient temperature (Ta) would lead to a more temperature higher than the specified ambient temperature (Ta) would lead to a more temperature	Range	Recessed architectural floodlighting
Dimensions  Luminaire: External diameter: 77 mm - Length: 103 mm Recessed box: Diameter: 73mm - Length: 120mm  LED characteristics  1 LED: 2700K - 3000K - 3500K - 4000K - 5000K (other upon request) CRI 80 - 90 - 95  Optical beam  4° - 6° - 15° - 30° - 40° - 25x50° elliptical - Wall Washer (other upon request)  Connection  Delivered with 1m standard cable(more length upon request)  Integrated driver  24V  LED power  7W  The product must be installed into a ventilated area. Any use with an ambien temperature higher than the specified ambient temperature (Ta) would lead to a more		
Dimensions  Luminaire: External diameter: 77 mm - Length: 103 mm Recessed box: Diameter: 73mm - Length: 120mm  LED characteristics  1 LED: 2700K - 3000K - 3500K - 4000K - 5000K (other upon request) CRI 80 - 90 - 95  Optical beam  4° - 6° - 15° - 30° - 40° - 25x50° elliptical - Wall Washer (other upon request)  Connection  Delivered with 1m standard cable(more length upon request)  Integrated driver  24V  LED power  7W  The product must be installed into a ventilated area. Any use with an ambien temperature higher than the specified ambient temperature (Ta) would lead to a more	Description	Body in aluminium, head in stainless steel
Dimensions     Luminaire:       External diameter: 77 mm - Length: 103 mm       Recessed box:       Diameter: 73mm - Length: 120mm       LED characteristics     1 LED: 2700K - 3000K - 3500K - 4000K - 5000K (other upon request)       CRI 80 - 90 - 95       Optical beam     4° - 6° - 15° - 30° - 40° - 25x50° elliptical - Wall Washer (other upon request)       Connection     Delivered with 1m standard cable(more length upon request)       Integrated driver     24V       LED power     7W       The product must be installed into a ventilated area. Any use with an ambient temperature higher than the specified ambient temperature (Ta) would lead to a more		Armoured glass
Dimensions  External diameter: 77 mm - Length: 103 mm  Recessed box: Diameter: 73mm - Length: 120mm  LED characteristics  1 LED: 2700K - 3000K - 3500K - 4000K - 5000K (other upon request) CRI 80 - 90 - 95  Optical beam  4° - 6° - 15° - 30° - 40° - 25x50° elliptical - Wall Washer (other upon request)  Connection  Delivered with 1m standard cable(more length upon request)  Integrated driver  24V  LED power  7W  The product must be installed into a ventilated area. Any use with an ambient temperature higher than the specified ambient temperature (Ta) would lead to a more		Dedicated recessed box
Dimensions  External diameter: 77 mm - Length: 103 mm  Recessed box: Diameter: 73mm - Length: 120mm  LED characteristics  1 LED: 2700K - 3000K - 3500K - 4000K - 5000K (other upon request) CRI 80 - 90 - 95  Optical beam  4° - 6° - 15° - 30° - 40° - 25x50° elliptical - Wall Washer (other upon request)  Connection  Delivered with 1m standard cable(more length upon request)  Integrated driver  24V  LED power  7W  The product must be installed into a ventilated area. Any use with an ambient temperature higher than the specified ambient temperature (Ta) would lead to a more		Luminaire:
Dimensions   Recessed box:   Diameter: 73mm - Length: 120mm	Dimensions	
Diameter: 73mm - Length: 120mm  LED characteristics  1 LED: 2700K - 3000K - 3500K - 4000K - 5000K (other upon request) CRI 80 - 90 - 95  Optical beam  4° - 6° - 15° - 30° - 40° - 25x50° elliptical – Wall Washer (other upon request)  Connection  Delivered with 1m standard cable(more length upon request)  Integrated driver  24V  LED power  7W  The product must be installed into a ventilated area. Any use with an ambient temperature higher than the specified ambient temperature (Ta) would lead to a more		
LED characteristics  1 LED: 2700K - 3000K - 3500K - 4000K - 5000K (other upon request) CRI 80 - 90 - 95  Optical beam  4° - 6° - 15° - 30° - 40° - 25x50° elliptical - Wall Washer (other upon request)  Connection  Delivered with 1m standard cable(more length upon request)  Integrated driver  24V  LED power  7W  The product must be installed into a ventilated area. Any use with an ambient temperature higher than the specified ambient temperature (Ta) would lead to a more		
CRI 80 – 90 - 95  Optical beam  4° - 6° - 15° - 30° - 40° - 25x50° elliptical – Wall Washer (other upon request)  Connection  Delivered with 1m standard cable(more length upon request)  Integrated driver  24V  LED power  7W  The product must be installed into a ventilated area. Any use with an ambien temperature higher than the specified ambient temperature (Ta) would lead to a more		Diameter: 73mm - Length: 120mm
CRI 80 – 90 - 95  Optical beam  4° - 6° - 15° - 30° - 40° - 25x50° elliptical – Wall Washer (other upon request)  Connection  Delivered with 1m standard cable(more length upon request)  Integrated driver  24V  LED power  7W  The product must be installed into a ventilated area. Any use with an ambien temperature higher than the specified ambient temperature (Ta) would lead to a more	LED characteristics	1 LED: 2700K - 3000K - 3500K - 4000K - 5000K (other upon request)
Connection  Delivered with 1m standard cable(more length upon request)  LED power  7W  The product must be installed into a ventilated area. Any use with an ambient temperature higher than the specified ambient temperature (Ta) would lead to a more		
Connection  Delivered with 1m standard cable(more length upon request)  LED power  7W  The product must be installed into a ventilated area. Any use with an ambient temperature higher than the specified ambient temperature (Ta) would lead to a more	Ontical heam	49 69 159 209 409 25v509 elliptical Mall Mashar (ather upon request)
Integrated driver  24V  LED power  7W  The product must be installed into a ventilated area. Any use with an ambient temperature higher than the specified ambient temperature (Ta) would lead to a more	Option Souri	4 - 0 - 13 - 30 - 40 - 23x30 elliptical – vvali vvasilei (otilei upori request)
LED power  7W  The product must be installed into a ventilated area. Any use with an ambien temperature higher than the specified ambient temperature (Ta) would lead to a more	Connection	Delivered with 1m standard cable(more length upon request)
The product must be installed into a ventilated area. Any use with an ambien temperature higher than the specified ambient temperature (Ta) would lead to a more	Integrated driver	24V
temperature higher than the specified ambient temperature (Ta) would lead to a more	LED power	7W
temperature higher than the specified ambient temperature (Ta) would lead to a more		
rapid mortality of the product and the withdrawal of our guarantees.	Use limitations	The product must be installed into a ventilated area. Any use with an ambient temperature higher than the specified ambient temperature (Ta) would lead to a more rapid mortality of the product and the withdrawal of our guarantees.
The drivers, if not delivered by LOuss, must be approved before use.		The drivers, if not delivered by LOuss, must be approved before use.
Life span: L80B10 at 50,000 hours (80% remaining flux) at 25°C ambient temperature		Life span: L80B10 at 50,000 hours (80% remaining flux) at 25°C ambient temperature.
3-year parts and labour warranty.	Warranty	
		The warranty does not apply to products that have been opened, modified or repaired and does not cover the effects of a wrong connection, careless, abusive handling, overvoltage, lighting injury, as well as the normal wear of the product.
All products are electrically tested and received a functional burn-in.		

All the connections have to be made before powering up, otherwise the luminaires could be seriously damaged.
